

## Mascarpone Powder- JLS 5634

Flavorjen's Mascarpone powder is a complete formulation that only requires the addition of water to immediately produce Mascarpone.

We also have a version that has a cream cheese component that will give you a Cheese Cake filling option.

Flavorjen's Mascarpone powder is mixed in the following ratio.

JLS 5634 Mascarpone Powder	60%
Water at 75 °C	40%

### Instructions

Mix with high shear mixer for 30- 60 seconds.

Refrigerate for 4 hours before use.
